TITLE OF THE STUDY

Should be concise and yet sufficiently descriptive and informative (15-20 words)

1. Background & Need for the study (500 words)

State the background information to adequately present the problem; mention how the research question addresses the critical barrier(s) in scientific knowledge, technical capability, and/or programmatic/clinical/lab practice and its relevance to local, national and international context. Conclude with need of the study with respect of the previous literature.

2. Aim (1 sentence)

3. Scope of work (100 words): State the boundaries of your research.

4. Research Hypothesis: State the null hypothesis and the alternate hypothesis.

5. Methodology

(a) Study design: Experimental/ Non experimental.

(b) Participants: Explain the rationale of selection of the research participants and controls (humans or laboratory animals) and the characteristics of the participants.

(c) Sampling: State the mode of sampling strategy.

(d) Inclusion and Exclusion criteria

(e) Protocol: Describe the overall strategy for enrollment of participants including collaboration with other departments where applicable, process of enrollment of participants - how, where and by whom will the participants be enrolled, how and when and where will they be followed up; collection, storage and testing of samples; if new tests are being done describe the process of standardization etc. Describe quality assurance processes to accomplish the study objectives.

(f) Tools to be used: Describe the key variables of the study, and how will they be measured. Specify comprehensively the data collection methods and tools as relevant to the study objectives and study design and provide structural components like data entry and analytical platforms to be used for analysis.

(g) Measurements: State what will be the unit of measurement for the tools to be used.

6. Statistical analysis: Present data analysis plan comprehensively mentioning appropriate statistical methods to be used in order to answer/ achieve the study objectives.

CERTIFICATE

It is certified that (name of the student) is a bona fide student in the School of Forensic Psychology, National Forensic Sciences University, Gandhinagar, and has undergone training in (name of the course), National Forensic Sciences University for the academic year (academic year).

The dissertation titled *(title)* has been submitted by the student as dissertation in partial fulfilment of requirement (name of the course)degree of the National Forensic Sciences University, Gandhinagar, Gujarat under the guidance of (name of the guide), Assistant Professor, School of Forensic Psychology.

It has not formed the basis for award of any other degree or diploma in any other institute / university by the student. This work is a record of the student's personal effort.
